

Memor 20™

**Supercharge
your workforce**

MOBILE COMPUTERS

MEMOR 20

Connected work becomes faster with Memor 20

One device suitable for multiple applications. From the most dirty and huge warehouse to the small and fashion style store, from the farther home delivery to the bedside car of a hospital passing through all steps of warehouse management from incoming inspection to truck loading.

Wireless Charging meets Smart Docks

Wireless charging addresses the number-one failure point of all cordless devices: oxidized charging contacts. Eliminating contacts results in greater reliability, a longer device lifetime, and a lower total cost of ownership because of fewer failures.

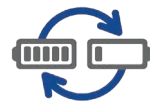

SUPERB DISPLAY 5.7" FULL HD with 18:9 RATIO

Biggest display in the most ergonomic form factor

SAFESWAP™

Safe Swappable Battery for 24/7 operations

FRONT & REAR CAMERA

Versatile image and video capture for videoconferences and pictures in any condition

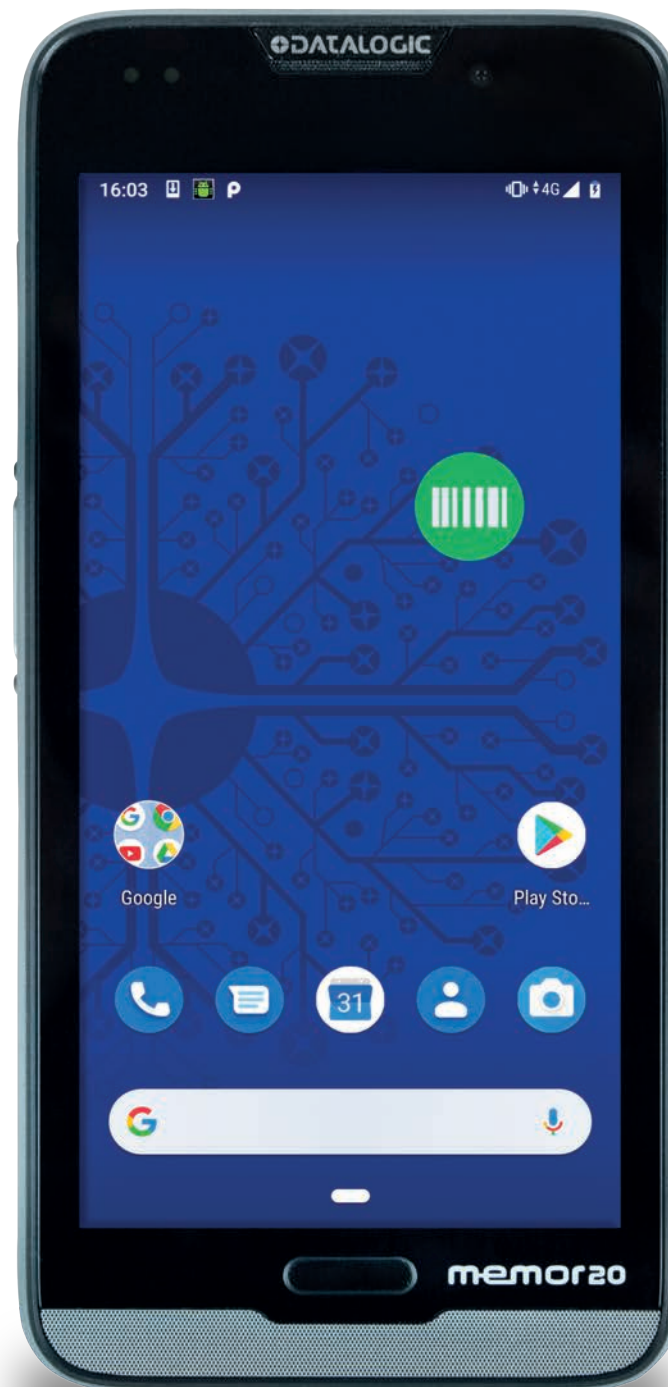

QUALCOMM TOP PLATFORM

High Performance Octa-core SD660 CPU to support the most demanding mobile application

WIRELESS CHARGING

Unparalleled reliability and efficiency, contactless, eliminates # 1 failure point

IP65+IP67 PROTECTION

Designed for the harsh environments resistant to 1.8m/6.0ft repeated drops to concrete

BIOMETRICS SECURITY

Fingerprint reader for secure authentication

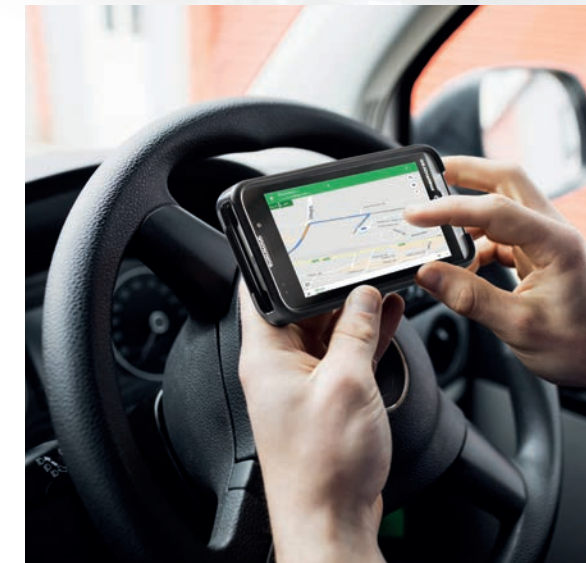

2ND DISPLAY ENHANCED NOTIFICATIONS

Preview of incoming notifications, calls and messages to maximize productivity and user experience

LOCKING DOCKS W/USB/ETHERNET

Unique Lock mechanism to protect the device and wired data transfer for higher speed data transfer

Datalogic is a global leader in the automatic data capture and process automation markets, specialized in the designing and production of bar code readers, mobile computers, sensors for detection, measurement and safety, RFID vision and laser marking systems. Datalogic solutions help to increase the efficiency and quality of processes in the Retail, Manufacturing, Transportation & Logistics and Healthcare industries, along the entire value chain.

The world's leading players in the four reference industries use Datalogic products, certain of the attention to the customer and of the quality of the products that the Group has been offering for 48 years.

Today Datalogic Group, headquartered in Bologna (Italy), employs more than 3,000 staff worldwide, distributed in 28 countries, with 10 manufacturing and repair facilities in the USA, Brazil, Italy, Slovakia, Hungary, Vietnam, China and Australia. In 2019 Datalogic had a turnover of 612,5 million Euros and invested over 64,7 million Euros in Research & Development, with an asset of more than 1,200 patents in multiple jurisdictions.
