

NiceLabel Software Maintenance Agreement (SMA)

Avoid unplanned downtime and ensure you have
access to NiceLabel experts

© Loftware Inc, 2022

Overview

The NiceLabel Software Maintenance Agreement (SMA) offers enhanced support and free software upgrades to NiceLabel customers. There are two levels of SMA support designed for customers of any size, and in any geographic location. Regardless of level, the NiceLabel SMA ensures that you have priority access to NiceLabel technical experts who will work with you to quickly address issues and minimize interruptions to your business. You'll get free software upgrades, ensuring that you have the latest technology at your fingertips and lower your total cost of ownership.

Platinum SMA

Get the maximum return on your labeling investment.

We understand that labeling is a critical part of your supply chain. We have over two decades of experience in working with some of the world's most complex labeling environments to help our customers obtain the highest performance possible. Our Platinum SMA provides global, 24x7x365 access to NiceLabel technical experts who will respond within an hour to ensure that your issues are resolved quickly to avoid the risk of downtime. In addition, our team will conduct a one-hour system health check to review the NiceLabel system within your environment and ensure you are getting the most out of your NiceLabel investment. You'll also stay up to date with the latest labeling technology with software upgrades and advice on industry best practices.

***The Platinum SMA Advantage** Quickly resolve issues 24 hours a day, every day, regardless of geography.*

Standard SMA

Keep your labeling operations running smoothly.

The NiceLabel Standard SMA gives you the peace of mind to know that if issues arise, a NiceLabel technical expert is just a phone call away. Our technicians will take the time to understand your unique environment and address problems within regular business hours. Whether it's troubleshooting an issue with a labeling solution, offering product usage best practices, or keeping you up to date with the latest software, we've got you covered.

"The feedback from my clients about the NiceLabel SMA service has been exceptional. They are delighted with the speed of response and the breadth of knowledge that the support team shows, not only of their product but also of the customer IT environment."

-Nigel Holloway, Dash Computer Products
